DONATION FORM

To support Global Research & Welfare Society in their care of Thalassemia & Sickle cell patients.

Thalassemia & Sickle cell anemia is a hereditary blood disorder. A Thalassemia patient has to undertake repeated blood transfusion & other related treatment & management therapies throughout his/her life. The treatment is extremely expensive and painful. It is beyond the reach of most of the Thalassemics in India.

- You can sponsor the treatment of a child for Rs. 11,000/-per month.
- You can support the blood transfusion of patients taking regular transfusion at Private Hospital for Rs. 1 lac per month.
- You can support the treatment of an under privileged thalassemic by sponsoring & for other any of the below:

Please tick (√)

▶ Blood Transfusion	Rs. 720 per month per patient
▶ Leucocyte Filter	Rs. 1,100 per month per patient
▶ Kelfer Capsules	Rs. 2,100 per month per patient
▶ Asunra Tablets	Rs. 9,000 per month per patient
▶ Desferal Injection	Rs. 10,000 per month per patient
▶ Infusion Pump	Rs. 24,000 per patient
▶ Bone Marrow Transplant	Rs. 14,00,000 per transplant
